(Special to The Dothan Eagle)
Berry, Ala., April 17.—Fire starting at two this morning destroyed the post office, telephone exchange, Hays' store, Daniels' store, The F. W. and D. W. Johnson stores, residence of Dr. Patterson and damaged the bank. Loss \$25,000 with insurance.

U. S. EXPRESS CO. SUFFER HEAVY LOSS BY FIRE TODAY

(Special to The Dothan Eagle)
Chicago, April 17.—Two hundred horses were burned to death and several hundred families routed early this morning by a fire which destroyed the stables and ware house of the United States Express company with a loss of \$200,000. Sparks from the fire set fire to thirty dwellings nearby but blazes were extinguished before they were much damaged.

ALLEGED TIGER IS FINED \$100

Carged with "retailing" or selling intoxicating liquors, Charles Trautwein, who plead not guilty to the charge, was fined \$100 by Acting Mayor R. D. Crawford in police court today, after Chief of Police C. J. Rollins gave a description of the house and its furnishings in which the liquors are said to have been found.

Chief Rollins said he entered a store in Five Points, and upon making a search, found half pint bottles of whiskey scattered about on shelves, the liquors being seized by the officers. He testified that he found Charles Trautwein in charge.

The officer testified that the front part of the store was stocked with an amount of groceries, and that the liquors were found in a little room at the rear. Some beer was also found in an ice box, he said. The chief testified the defendant had been convicted in mayor's court on charge of selling whiskey.

Upon examination by A. E. Pace, attorney for the defense, the police officer said the warrant upon which the officers acted, was sworn out before the place was raided. Counsel asked witness how or why did he swear that certain amounts of liquors were in the place in the warrant the officer signed. The chief saying he had good reasons to believe the stipulated amount of whiskey was on hand.

The evidence tended to show that a larger amount of intoxicants was stipulated in the warrant, than the search justified.

Fred Shorter, a negro, was brought before the court on a charge of having beer from Carrolls to Dothan, but this case was adjourned until Monday.

Several other cases were post-

O'NEAL PLUMES HIMSELF FOR FEDERAL PLUM

(Special to The Dothan Eagle)
Montgomery, April 17.—That Governor O'Neal is pluming himself for a Federal plum is believed here to be the secret of a hurried trip to Washington from whence he returned yesterday. The Governor would not discuss the subject. Should he be successful in his angling Seed would become Governor and for that reason the Governor's friends will try to prevent his accepting a Federal appointment before his term expires.

WILSON-MCADOO WEDDING WILL OCCUR MAY 7

BEAUTIFUL PIER DESTROYED BY ARSONETTES TODAY

(Special to The Dothan Eagle)
Yarmouth, Eng., April 17.—Famous Britannia Pier, the largest and most beautiful recreation Pier in England, was destroyed by suffragettes today with a loss of \$100,000. Bombs were exploded in pavilions and fire immediately followed. So heavy were the explosions that windows were broken throughout the city and heavy steel girders of the Pier were twisted and broken like pipe stems. The Pier extended a mile into the bay. Police are making vigorous search for the arsonettes.

Colonists From North Are Coming

J. E. Morgan, of Dothan, was in Montgomery yesterday in the interest of a prominent real estate concern with which he is connected there. Mr. Morgan stated that during the next two weeks, colonists from the North who have been buying on a large tract of Houston County farm land, will be there to complete their deal.

He says they want 5,000 acres of farm land near Dothan and expect to establish a large colony there if they procure the necessary tract of land for their farms. The tract will be divided into small farms for the colonists and the master is being handled by one of the oldest colonization companies in the United States.—Montgomery Adver-

"Push Dothan to the Front"

YOU are an integral part of this community; you are responsible for what it is; you are no more prosperous than it is; you are dependent upon its success; you are no better than its total sum; you are a reflection of the condition of your city; you are then interested in what it does; you are interested in what it becomes.

Are you doing anything for this community? Are you sharing your responsibility or evading it? Are you contributing anything to its success? Are you doing anything to make it prosperous? Are you thinking enough about your city? Are you putting into it personal interest and effort? Are you giving it the grade of citizenship it needs? Are you a business asset or a business liability?

The Chamber of Commerce of Dothan offers you a means whereby you can invest your time, effort and personal interest and in return provide a more prosperous city, a greater city, and a higher standard of citizenship.

All Must Work Together.

The duties of the Chamber of Commerce are to foster the industrial, commercial and civic betterment of Dothan; to impress upon the citizens and business men in general that this Association must and shall be free of any question of class prejudice or class privilege, but shall work for the benefit of Dothan and its every citizen, and the entire community.

We ask for and expect the interest and co-operation of individuals and firms in this city, who will be profited by the growth and development of Dothan.

We propose above all things else, to put our community relations on a business basis, and attempt to do things for the city which will be of benefit to all who reside here.

The Chamber of Commerce is not a charitable institution. It is a business institution.

It will be managed and administered on a strictly business basis.

It will accept membership only from those who believe in themselves, in their city, and in their city's development organization—The Chamber of Commerce of Dothan.

There will be plenty to do for all who will become active workers.

The activities of the Chamber of Commerce are grouped under five heads: Industrial, Civic, Rural, Trade and Commerce, and Traffic.

We shall expect each man who becomes a member of this Chamber of Commerce to endeavor to create among his neighboring citizens and business men a spirit of co-operation and good feeling and to do all in his power to mitigate any spirit of criticism which may have prevailed in the past, and which retards and is detrimental to the best interests of the city, and thus, by arousing in all the citizens a spirit of civic pride, making each one realize that his support and backing are necessary to build a greater, better and a busier DOTHAN.

A committee will wait upon you in a few days and "NO" will not be taken as an answer.

ATTEMPT MADE TO ASSASSINATE MAYOR MITCHELL

(Special to The Dothan Eagle)
New York, April 17.—An attempt was made to assassinate Mayor Mitchell this afternoon, when an unidentified man fired a revolver at him as he entered an automobile just outside the City Hall. The bullet missed the Mayor but struck Corporation Counsel Polk in the jaw, inflicting a bad wound. The man was arrested. He is thought to be a crank who had been waiting for the mayor to appear.

The man later said his name is David Saloschein. He is about seventy years old and slightly clad. He was disengaged because the mayor wanted Colonel Goethals to head the police department.

11 LOSE LIVES WHEN ROOMING HOUSE BURNS

(Special to The Dothan Eagle)

SLAPS SISTER AND CHOKES MOTHER, HE SAYS

When Walter Weeks, painter and paper hanger asked Frank Trawick, a carpenter, why the latter slapped Weeks' sister and choked his mother, Trawick struck at Weeks, according to the testimony of Walter Weeks in mayor's court today.

Trawick admitted he "fanned" at Weeks but he testified that Weeks was very abusive in the language he used. Trawick testified that he was walking along the street when he was approached by Weeks, who seemed to be very much agitated.

Trawick said Weeks kept following him, and that he "fanned" at Weeks to keep from being cut with a knife. He showed a part of his coat which was cut, charging it to Weeks.

When called upon to make his statement, Weeks said he met Trawick on the streets and asked him why he slapped his sister and choked his mother. Trawick, in testifying said he could not understand what Weeks said.

Neither Trawick nor Weeks were hurt in the disagreement, according to the testimony of several witnesses, and the defendants both of whom were charged with fighting.

Acting Mayor R. D. Crawford said he would let Trawick off with the lowest fine, which was \$5. Weeks, who claimed he was seeking information about an alleged insult to his folks, was fined \$10 by

VINCIT ASTOR SUDDENLY GROWS WORSE TODAY

(Special to The Dothan Eagle)
Statesburg, N. Y., April 17.—Vincit Astor's condition took a sudden turn for the worse today after he was thought out of danger. He has an abscess on the lung. Physicians were at his bedside all night. Physicians refused to say whether his condition is critical but it is readily admitted very serious. Plans for the wedding to Helen Huntington have not been abandoned.

NEXT BATTLE TO BE STAGED AT MONTEREY

Torreón, April 17.—Next big battle in Northern Mexico will be fought at Monterey according to plans announced by Villa today. "I have no fear of the federal power," said Villa. "Velazquez forces have been scattered. Monterey is as good as mine. I will give my men a rest, however, before starting the campaign against that city." Villa leaves for Chihuahua Sunday to confer with Carranza. He will then make a trip to Juarez. He gave the International News Correspondent a permit to escort soldiers to search for five American correspondents reported captured by Obregon rebels. He failed to find them. It was admitted that several prisoners were executed immediately after the capture.

Rev. C. H. Talbot, D. C. Carmichael and L. B. Morgan, returned last night from Montgomery where they went to attend the Spring meeting of the East Alabama Presbytery, which convened at Trinity Presbyterian church in Montgomery. The reports of the various churches increase activity along all lines. The affairs of the Local Missions Committee, of which D. C. Carmichael of Dothan is the treasurer, was found to be in fine shape. The Foreign Missions Committee made an encouraging report, ergo every church to reach the Assembly standard of \$5.00 per member. At present the church has reached a per capita of a little over \$2.00 per member, placing the Northern Presbyterian third in the world in this respect, being exceeded only by the Moravian Church and United Presbyterian church.

Much aggressive work was conducted at the Presbytery. The second day of the coming fall meeting was set apart for Foreign Missions and Christian Stewardship. It is planned to get a large number of the laymen of the Presbytery to attend this conference.

A Presbyterian Tithes League was organized by the Presbytery, and placed in charge of L. B. Morgan of Dothan. The Committee of Foreign Missions was reorganized and Rev. C. H. Talbot of Dothan was made chairman. At the meeting the meeting was enthusiastic and for reaching. The world wide appeal was felt by every one. World evangelization was on every heart.

The report presented by D. C. Carmichael of the Dothan church was encouraging, and mentioned of future developments the Dothan School for Indians having a more favorable and abundant future than ever before.

This opens a wide range of possibilities in the case, chief of which is that the boy the Indians claim as their son really is Robert Dunbar and that Grace Anderson will be alive. Julia Anderson, mother of the boy the Indians have as her son, if the testimony of Miss Collins is given as expected and substantiated it would not affect the life work.

COMER POUNDS THE WAY.

Mr. Comer's address to his man-
ager and friends is a document well
worth the consideration of Al-
abamians who want to vote right
and without prejudice in the second
primary that will take place May
11.

Mr. Comer speaks out. He con-
ceals nothing. He has a definite
plan of operation if elected gover-
nor. He is willing to let every one
know what it is.

He is opposed to home rule. He
wants the people to rule. That is
the substance of it.

He is opposed to home rule. He
wants the people to rule. That is
the substance of it.

If it is not manifest to any per-
son that when a corporation pays
out money to help a political party
or a candidate it expects a dividend
of some sort on the investment,
such person should attend the in-
vest school, and if it is not equally
well known that corporations
have made a practice of lending
money to the party in Alabama, and
of supporting candidates by mon-
ey directly or indirectly spent, the
person who is ignorant of the fact
will do well to ask questions.

Four years ago Mr. Charles Hen-
derson said, says Mr. Comer, that
the allied interests which financed
the amendment campaign would di-
rectly compensate for the money
contribution which they made and
were making in their fight for the
success of the state government in
all its branches. If Mr. Henderson
said that it was no more than what
what any one could say who knew
of the financing of state campaign.

"Allied interests" do throw money
out of the window. They expect a
profit on what they spend; not al-
ways an active return, but sometimes a
negative return, the money
being spent to keep the animal
quiet. It is a way of buying in-
surance against what is regarded as
hostile legislation.

Another way is to put corpo-
rations into public offices.

Any man of ordinary information
should be acquainted personally
with one or more officials who are
in public place. Formerly it was
the fashion to leave the public
offices in charge of men who
were serving simultaneously the
private interests. Governor Comer
is trying to make that practice
unthinkable. We should all help
him. He says:

"The home is so clear and
simple that no man can mis-
take it. If you wish the rail-
road and liquor houses to con-
tinue supreme in the govern-
ment, vote for Mr. Hen-
derson. If you wish them
overruled, vote for me. I
will never spend my campaign
expenses in Dothan with the
agents of the Montgomery Ad-
ministration, or campaign with Chan-
cellor, or campaign funds
from the railroad and liquor
houses. I will never go to the
agents of the administration, and
I will never go to the
agents of the railroad and liquor
houses."

characterized by the state's at-
torneys as a "humiliating sur-
render." I promise the people
that George W. Jones, Charles
Lewis, Frank Glass and Sid
Lewis will be without influence
in the governor's office.

On the side issue itself, Mr.
Comer says he will do whatever the
people declare is best to be done;
and that, we take it, is what the
conscientious governor will always
do; except where a question of fun-
damental law or the good name of
the state is involved. If the legis-
lature shall retain local option with
the county unit, he will not op-
press the counties that go wet, nor
pardon the offenders in the counties
that go dry; and if a prohibition
bill is passed, he will sign it. That
is what Comer says.

That is plain enough. At the
same time he would root out the
boxers who influence public admin-
istration; and we say he is right
in this, whether the boxer be political,
like Mr. Jones of the Louisville &
Nashville Railroad, or Mr. Charles
Lewis, who is said to represent the
higher interests of the country. No
matter what is our position on the
excise question, we do not want
these boxers dictating legislative
and administrative acts. We want
the people to govern, to control all
the offices and to dictate all the
laws under which they are to live.

Comer stands for that. We, as
patriots, stand for Comer.—Mobile
Register.

VERB DELIVERY.

It's getting to where you can't
hardly have a decent political can-
didate in Montgomery without it's
getting out all over the state. Now
the other day, the Kolb forces were
quietly summoned to Montgomery to
go over the plans. They were to
decide whether Kolb should continue
to speak in a "choking voice," or
whether he was to go along back
home and allow the campaign to
proceed without him.

What they did isn't known just
exactly.

You can imagine from their sub-
sidiary actions.

Kolb has leaked out though,
to let the people know Kolb didn't
try till he got what he wanted for
coming across with his folks. He,
like some other politicians, still be-
lieves that he can lead his voters
around by the nose and vote them
for whatever he decides.

But the Captain is mistaken. He
can no more deliver that round
vote he received in Mobile to Hen-
derson than he could to Comer.
The vote cannot be delivered. The
voters will take whom they please,
and at this juncture, it looks as if
the Mobile vote will go to Comer,
as Henderson couldn't get quite 200
of them at first.

The clutch is slipping badly in
the political machine. The car isn't
moving any where, but that six-cy-
linder Old Comer's riding in take
the grades like a racer, picking up
with every stroke of the engine.
The right kind of "Jolee" is applied.
The people are behind Comer, for
they admire a man who stands for
a change in administration.

JUNK "OLD JONESBURN."

How much money do you suppose
Henderson and Comer will have
spent on this campaign by the time
it is over?—Dothan Eagle.

We are not prepared to give the
figures exactly, but to date, one in-
formation is that Mr. Comer has
spent three or four times as much
as Mr. Henderson.—Montgomery
Advertiser.

Yes, that's a fact. Comer is
spending more money than Henderson,
because all the money going to
Comer's campaign is Comer's
money. He has no interests behind
him to cough.

GOOD PRICES FOR CATTLE.

St. Louis, April 17.—The infestation of the cotton boll weevil throughout the southeastern states is causing planters to turn their attention to live stock raising. There is no danger of cattle production being over done in the south as the north is so short of cattle that it will take years to bring supplies back to normal.

A new profitable field is now open to the southern cattle raisers in production of stock cattle on low priced feeds that can be shipped to the Corn Belt and finished for market on grade. This week Chapman Brothers of Charlotte, N.C., marketed a drove of 70 cattle at the St. Louis National Stock Yards and per head. Their movement

these cattle last winter at a cost of \$19.50 per head. These heifers were Florida raised and not in good quality yet they gained back in the north at the rate of two pounds per day and made money for the men who handled them.

Missouri and Illinois could use a hundred thousand Florida, Alabama and Georgia feeders this spring.

GRIPPE PREVALENT

How to Regain Strength After a Severe Attack.

With so much grippe prevalent this winter a few words of advice regarding its cause and treatment will not be out of place.

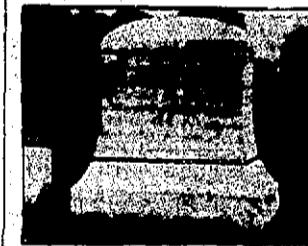

Grippe is an infection disease easily taken when the system is in a tired or run-down condition.

The best means of prevention are to keep the blood in good healthy condition, and if the system gets into a weak, run-down condition take Vinol, our delicious cod liver and iron tonic.

A lady from Long Branch, N. J. says: "Grippe left me in a nervous, weakened, run-down condition. After taking three bottles of Vinol I am better and stronger than I have been for years, and I cheerfully recommend Vinol to all who have suffered from the grippe and need strength." (Name furnished on request.)

We have never sold in our store such a valuable strength creator and health restorer for the convalescent, the weak and run-down as Vinol, and your money will be returned if it does not do all we claim for it. N. H. McCallum, Druggist, Dothan, Ala.

P. S. If you have any skin trouble try Saks Salve. We guarantee it.

I there is any information that you want about the monumental business ask me, I will be glad to give it to any prospective buyer of a monument; to them my fifteen years' experience is free.

"GEN." COXEY AGAIN GATHERS

"ARMY FOR MARCH TO CAPITAL"

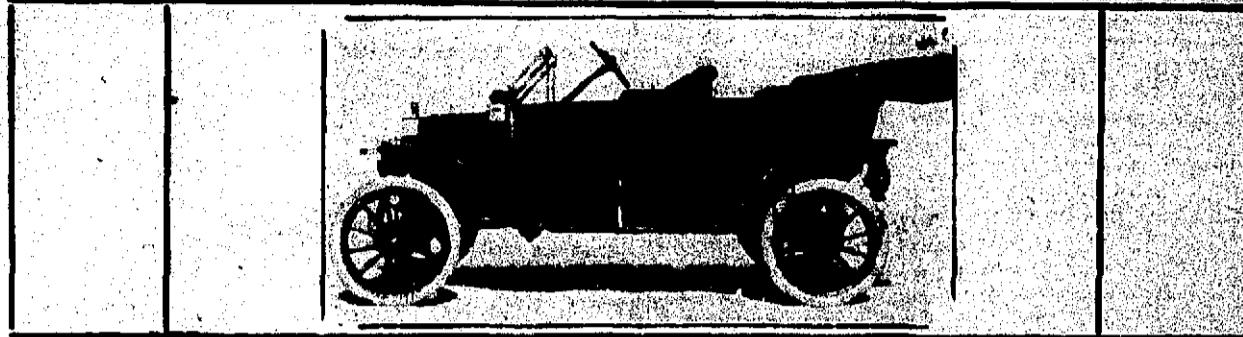

Massillon, Ohio, April 16.—Headed by "General" and Mrs. Jacob S. Coxey, in an old pahetton, drawn by a mule, the second "army" of the commonwealth, about 200 strong, assembled at the call of a bugle in Massillon's business section early today.

From shanties along the railroad tracks outside the city limits, from the socialist hall and from the city prison, the men gathered. Police authorities released all vagrants from prison who said they would leave town with the cavalcade.

Rev. Harry L. Wilson, of Rockdale, Ga., official chaplain of the "army" offered an invocation before the "army" started on the march to Washington, praying for the success of "General" Coxey's program.

Several thousand persons assembled this morning to witness the departure of the army.
